LINSAY, 13: What I really like about school is being with my friends during the breaks. But classes are fun and interesting too. For example, Music isn't difficult at all. I just don't like French so much because I don't understand it.

I'm very keen on sports too - I'm part of the school's basketball team. I started playing three years ago. Of course there are things I don't like. Some rules are very strict: we can't take our mobiles to school. I think we could take them to class if they were switched off.

STEVE, 12: Every morning when I wake up I feel bad, because I must go to school. Lessons are boring and I can't concentrate in class. My classmates are always talking. And some students call me names just because I'm very short. I also hate it when teachers give me lots of homework.

I never have lunch at school. It's a good thing that I don't have classes in the afternoon because the food is horrible.

ADAM, 14: The best thing about my school is our school library. There is an area where you can just sit and read quietly or do your homework.

I'm good at all of my subjects, except Physics. I never do well in it. My favorite subject is English. I like the songs we listen to in class. I have English on Mondays, Tuesdays and Fridays. I also have P.E. During the breaks I always go to the sports field to play football with my friends.

Exercise 1.

Summer is on its way and schools in our city start planning to improve water safety awareness for children. The aim of the program is to teach primary and secondary students about

water safety. Following are some of the advice every kid should clearly remember. Firstly, you should carefully listen to the pool lifeguards, play safely and stay away from the deep end; and you should not run or walk carelessly around the pool edge. Secondly, you should always swim with adults and between the red and yellow flags.

Exercise 2 .

Nam’s family went to the seaside in July for their summer holiday. The train was full but they all found seats. They stayed at Rang Đông hotel, and went on the sand when the weather was good. There were many people. Some were bathing, some fishing and others walking up and down or sitting reading. Nam liked swimming and so did his brother. But his sister liked looking for shells or digging in the sand. Nam, of course, couldn’t go far but he wanted to do everything and go everywhere with his brother and sister

Let me tell you more about my parents.

My Mom works at home. She takes care of the family. Three mornings a week, she works part- time at a local supermarket. She and other women also cook lunch for homeless people once a week.

My Dad is a mechanic. He repairs machines in a factory. He works five days a week for about 40 hours, sometimes in the morning and sometimes in the afternoon. He prefers the morning shift .He has fewer days off than my Mom. However, when he has an afternoon free ,he plays golf.

Dad gets about seven public holidays each year .He also has a three-week summer vacation. We always go to Florida on vacation. We have a great time and Dad plays more golf.

Please write soon and tell me more about your family.
